

SAVANNAH ENERGY

CORPORATE SOCIAL RESPONSIBILITY POLICY

Savannah Energy considers that to act in a responsible manner towards our stakeholders is critical to the success of our business. Savannah is therefore committed to responsible operations in all aspects of its activity. The Corporate Social Responsibility Policy embodies the following commitments:

- Commitment to open, honest and long-term dialogue with our stakeholders, with an efficient consultation process and an operational grievance mechanism;
- To act as a good neighbour and strive to understand and respect local communities' rights, traditions, customs, culture and dignity while conducting our operations in a safe and responsible manner;
- Commitment for a positive socio-economic impacts of our operations in their areas of influence, in collaboration with local authorities and civil society;
- Contribute to the sustainable development of neighbouring communities, with a focus on human, economic and social issues. Develop or help developing local infrastructures for the benefit of the people.
